## **Letter of Acceptance**

**Welcome to the Hymn of One! By joining us, you have started down the path to a new you.**

As we like to say,

“There is no greater joy nor greater reward than to make a fundamental difference in someone's life.”

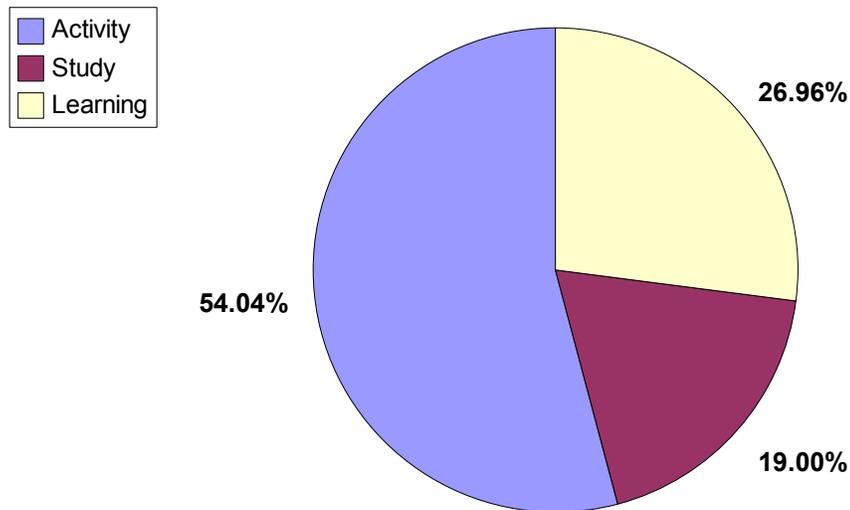

- Mary Rose McGeady

Setting others on the road to edification is what our joy is, and we are happy to have you a part of our growing, exciting community. We're certain this will make you happy, too.

Please understand that by joining the Hymn of One, you have altered your life dramatically. You will become greater than who you were and than most others in the world, those who have not been touched by the enlightening ways the Hymn of One has to offer. Also understand that by becoming a part of the Hymn, you will be subjected to new and perhaps odd things that will not be immediately clear to you. Don't despair, however. After a short time spent with us, you will learn about all these things and soon their meanings will no longer be challenging.

This letter will serve as a greeting, as in-depth information will be given at the seminar you were e-mailed about. If you are unable to attend for any reason, please email us at [contact@HymnOfOne.org](mailto:contact@HymnOfOne.org) immediately. We may be able to reschedule a private hearing for those who miss the official one, but we can only do this if we know the number of people who will not be coming. Therefore, it is extremely important that you tell us if you cannot be there.

There are a wide variety of activities offered by the Hymn of One. This chart will give you a basic overview of what you will participate in as a member of the Hymn.

As shown, most of time spent will be doing activities. At the Hymn of One's campus, there are many different things to do. We also offer take-home projects that can be done out of your home and turned in.

As previously mentioned, more thorough information about these avocations will be given during the seminar and after a stay with us.
